Malaria Service of Government Servants.

From

The Senior Surgeon

No. Cf 390 Dated 18/19.12.08 Received 21.12.08

Diary No. 4251 | Enclos. 2 | Spare Copies | Serial No. 1

BRIEF ABSTRACT OF LETTER.

Forwards copy of a letter from the D. M. & S. officer, Kadur dated together with its enclosure Statement showing the number of officials suffering from enlarged Spleen at Koppa and states that the rule adopted by the Senior Surgeon in the case of Hospl. asst. viz. a maximum Service of 2 years in malaria unless the man breaks down sooner or wishes to remain longer — is a useful one for general adoption.

NOTES AND ORDERS.

The present Commn. raises an administrative Question affecting all departments of the State

4 15 To the Senior Surgeon, My 8334 dated 25-2-09
States that the proposal will be referred to the Heads of Departments & the Dy Commrs of Districts & asked that on receipt of their replies, orders will issue.

5 16 From the Inspector General of Registration in Mysore
My 1809 dated 27.3.1909.
States that the proposed rule may with very advantage be adopted in his department.

6 17 From the Deputy Commissioner, Shimoga District.
My $\frac{5:79}{293}$ dated 27.3.09
States that in his opinion no official should be made to work in the Malnad for more than 3 years, which may be treated as the maximum period and that the rule should be applicable to all the superior officials of all Departments & of all grades.

7 18 From the Inspector General of Prisons in Mysore.
My 474 dated 29.3.09
States that the Senior Surgeon's proposal to restrict malnad services to 2 years is excellent & well suited and that he has no hesitation in endorsing it in full.

NOTE—Contn. sheet.

GPB—50.000—13-5-08

Head File No. 142 of 1908

Serial No.

24
11 From the Excise Comr in Mysore. No 8918 dated 31.3.09
States with reference to Sl 2 that a circular has already been issued by him on 23.7.07 Re the transfer of Excise Inspectors in the Malnad Districts to Maidan Districts once in two years, that as the Dys Comrs are vested with the power of transferring the offrs of the rank of Asstt Inspors & below the requests made by them on behalf such offrs will as far as possible be complied with and that the restriction to two years service in the Malnad applies to continuous service at any one time & does not preclude the same first servant being posted to Malnad after a reasonable time

25
12 From the Sanitary Comr No 4154 of 3.4.09.
States that a maximum of two years seems reasonable, but if the offr desired to remain longer he might be allowed to do so & also if he broke down earlier from Malaria he should be removed.

26
13 From the Dy Comr Hassan Dt. No 361-S. of 5.4.09.
States that it has been the practice in the Distt that transfers of officials from Malnad to Maidan are effected whenever necessary on the score of ill-health that it wd impair efficiency particularly in the Rev Deptt if every official be transferred once in 2 Years, that the period may be fixed to 3 years

Note—Contn. sheet.

GPB—50,000—13.5.08

Serial No.

14 27. From the Chief Engineer in Mysore, No 2805 & 8.4.09. States that under an old order passed by him, subordinate officials stationed in Malnad are being transferred to Maidan after a stay of 3 years if recommended by the Executive Engineers; and that any other rule than the one already adopted in his Dept is not required. If an Opr or subordinate is recommended for transfer on account of illness, he is permanently transferred to the Maidan if he has served 3 years in the Malnad.

15 28. From the Supdt, Rev Survey. No 103 & 16.4.09. States with reference to Sl 2. that the proposed Rule will be beneficial to the Maidan offls working in the Malnad & will minimise hardships to a great extent; that in the case offls born or accustomed to Malnad, no hard & fast rule appears to be needed & the offls may be given a change to the Maidan whenever their health needs it.

16 29. From the Dy Commr, Tumkur District. No 676 dtd 20.4.09. States that the proposal made by the Senior Surgeon may be adopted in the Revenue Dept. also.

17 30. From Govt Mysore Ol. No 716 & 29.4.09. States that 3 years may be fixed as the minimum period for Malnad service.

181 From Lieut-Col. J. Devaraja Urs M.V.O.
Chief Commandant, Mysore State Troops, Bangalore
no: 3659 of $\frac{6}{11}$ th May 1909.
states that a maximum of 2 yrs Continuous
service in the malnad seems to be a proper period
and that the proposed rule for the transfer of
Govt officials after that period will be
beneficial, the Bara Sepoys generally being
relieved after 3 months' service in malnad tracts

32.

19 From the Dy/Comr Bangalore dt & no 618/5 dated 28.5.09
Submits in original replies received from certain
Sub-Dvns offrs and states that the proposed change
is good & necessary with a condition that the
transfer should be granted only on the recommenda-
tion of the offr under whom the offl is serving support-
ed by a certificate from the Dt Medical offr
to the effect that the transfer is absolutely necessary

33.

20 The Revenue Comr in Mysore no 12362 dated $\frac{29.5.09}{2.6.09}$
States that the privilege cannot ordinarily be made avail-
able for future natives of the Dt who were able to enter the
Service simply by reason of their being on the spot,
nor should men who (not being natives of the malnad
Dts happened to get into the service in those Dts by
reason of absence of competition be allowed to
claim privilege transfer as a matter of right.

Serial No. 4(a)

It will be seen from the ~~Madras~~ replies received that there is a consensus of opinion as to the desirability of effecting the transfer of Govt Servants in malnad to a maidan in those cases in which the transfer is absolutely necessary in the interest of the health of the Govt Servants concerned: Some officers suggest that no general rule ~~is necessary~~ allowing Govt Servants in malnad to claim as a matter of right transfer to a maidan station after a prescribed period is necessary, especially in cases of officers used to malnad climate. The Conservator of Forests & the D.C. of Education in Mysore say that such a rule would be highly detrimental to the interests of the ~~De~~ Forest & Educational Depts respectively. ~~xxxx~~

The majority of the ~~officers consulted are of opinion~~ by Commrs who are in favor of adopting a rule of the kind, suggest that the period of service in malnad after which transfer may be claimed by Govt Servants in malnad (save in exceptional cases) may be fixed at 3 years.

The Rev: Commr suggests ~~that~~ that the districts of the Province may be grouped in the manner indicated by him ~~for~~ and transfers of officers in malnad tracts ~~be~~ effected by by Commrs of districts included in the same

Note—Contn. sheet.

GPB—50,000—13-5-08

Serial No.

Group, the transfers being ~~effected~~ ordinarily of the nature of an exchange. He adds also that Dy Commrs may be empowered to effect such transfers without reference to the higher authorities

41. The Dy Commr, Bangalore dist suggests the adoption of the proposed rule subject to the condition that the applns for transfer ~~of~~ by Govt Servants in mahad shd be granted only when accompanied by a medical officer - the Hospl asst or the D. and S. officer as the case may be.

42. None of the Dy Commrs have entered into the question as to how far transfers of Govt Servants paid by Local Boards in mahad ~~in~~ employees in the L.F & munl Depts are feasible. The question of making the proposed rule applicable to L.F & munl employees seems to ~~be~~ offer some difficulty in working the rule especially in cases where the pay of a L.F. or munl employee in a mahad station varies from that allowed by the Local Board concerned to the employees of similar ~~rank~~ designation, in a mafsal place to which he is to be transferred.

43. Subd for orders

44. It seems that a rule may be made to the effect that a Govt servant who has served in a malnad station for a period of not less than three years may apply for transfer to a maidan station and his application shall, as far as possible, be granted. The objections taken to such a rule by the Conservator of Forests and the I. G. of Education and the exclusion of certain classes of Govt servants from the operation of the ~~pro~~ rule, proposed by the Rev Comr, are matters for consideration. As regards the higher District and Sub division offices, the Rev Comr proposes that for the purpose of this rule, a malnad and a maidan district may be grouped together and the Deputy Comrs asked to effect transfers of officials from time to time without reference to higher authorities.

(53) Though no hard and fast rule is perhaps necessary or possible, service in the malnad should, I think, be regulated by some intelligible principle

(54) Some officers [E I am referring here to executive & other officers liable in the ordinary course to serve in all parts of the State —] contrive to escape malnad service altogether. In order to obviate this as far as possible, one of the points to be considered when making or recommending permanent transfers should be, whether a particular officer has or has not put in a reasonable amount of malnad service, say, two years. If he has not, then he should have an early term of duty in the malnad, public interest permitting.

(55) On the other hand, where an officer (of the class I am considering) has already put in three or more years of continuous malnad service, it should be open to him (if he chooses) to ask for a transfer to a maidan station; and the application should be favourably considered at the earliest possible opportunity, consistently

NOTE—Contn. sheet.

GPB—55,000—27-4-08

Serial No.

of course with public interest. A longer period of continuous service, say five years, may be insisted upon in the case of District Executive Officers[x] and in that of medical officers who are not ordinarily expected to serve in all parts of the State (such as local fund teachers, Shekdars, Constables, compounders & the like).

(5b) But where an officer is in a position to obtain a ~~medical~~ certificate from a prescribed medical authority declaring that his health has been injuriously affected by residence in the malarial, his transfer should be arranged for at once, or if this be not possible then on the expiration of any leave which can be granted to him in the meantime.

(5) In the case of officers whose applications for transfer, ~~if~~ any, needed as above should be made by Govt., & in other cases by the authority competent to appoint. But where Dep^t Commrs of malarial districts wish to effect a transfer to a malarial station[x], they may be permitted to arrange for it in consultation with the Dep^t Commrs of malarial districts, & if this is not practicable, then thro' the Head of the Dept concerned.

Sir,

I have the honor to forward the accompanying copy of letter No.1025 dated 6-12-1908 from the District Medical and Sanitary Officer, Kadur District, together with a state-ment showing the number of officials suffering from enlarg-ed spleen at Koppa and to state that I think the rule I have adopted for my Hospital Assistants is a useful one for general adoption; i.e., a maximum of 2 years in the malnad unless the man breaks down sooner, or wishes to remain long-er.

I have the honor to be,

Sir,

Your most obedient servant,

M.D.
Lt.Col. I.M.S.
Senior Surgeon, Mysore Government

Read by .....

Dated 15/12/09

Letter No. 1025 dated 6-12-1908 from the District Me-
-dical and Sanitary Officer, Kadur District, to the Senior
Surgeon, Mysore Govt., Bangalore.

In submitting the following tabular statement of officials suffering from enlarged spleen as the signal of Malarial fever, I have the honor to report as follows,-

In connection with State Life Insurance proposals I have had to examine a number of cases from malnad Taluks and I invariably found that a large proportion of the pro-
-posers were suffering from enlarged spleen rendering their lives ineligible for Insurance necessitating their reexamin
-ation after a lapse of 6 months or one year according as the size of the spleen required; but these officials hav-
-ing to reside in the same place after their return, inhal
-ing the same atmosphere and living in the same old sur-
-roundings, would show no improvement in their health, but on the contrary had to reappear for examination with their ailments aggravated.

Taking advantage of my visit to Koppa last month, I examined all the Government Officials and their families with a view to find their general health and was able to arrive at the result as shown in the statement attached.

From a study of the figures it will be seen that 45·7 per cent of the total examined are suffering from en-
-larged spleen; of these 19 belong to the malnad tracts of Sringeri, Harhiarpur, Yedahally and Thirthahally and whose general condition showed a striking contrast with those 29 belonging to the purely maidan tracts. Of the 57 that have not had enlarged spleen, 8 have been in Koppa only for a short time, viz.- 4 months, and these are Barr sepoys, whose period of service is limited to only 3 months, but extended for some departmental reasons. The rest 49 be-
-long to the malnad tracts mentioned above and from their long residence in those parts have obtained immunity again
-st malaria and these are too glad to remain where they

are

are indefinitely.

Leaving the temporary residents and those belong -ing to the place itself, the state of health of those from the maidan parts, demand the attention not only of the Me--dical Department, but also that of the Departments to which they severally belong.

The repeated attacks of fever are surely to af--fect even the strongest, so much so, as to make life a misery and their duty a burden - their family suffering at home and they themselves shivering with Ague coiled up un--der blankets in a corner of the office, are enough to de--moralize any body as to neglect their work.

Health is a great consideration, which concerns the individual family, community and the State. Better health - better and quick despatch of work and the State would be greatly benefitted if the standard health of its employees is kept at par.

Koppa is notorious for unhealthiness & the health of the officers and officials could only be safeguarded by restricting the period of service in the malnad generally.

The Medical Department has very kindly restrict--ed the period of its employees for a period of 2 years. When the service of a medical man, who can take care of him--self is restricted, it should all the more be necessary that the service of lay officials who have to help them--selves should be restricted.

The period of two years service in the malnad of an official from the maidan is, in my humble opinion, I -- think, quite enough.

In the interest of public, I request, that if this recommendation meet with your kind approval, to move the Government to pass some orders restricting the service of its servants in malnad for 2 years.

There is another thing, which I might bring to your notice in this connection and it is the late hours to which the work in Taluks is carried on. As the saying

" Early

"Early to bed and early to rise make a man healthy, wealthy and wise" so do I think, that the earlier the work begins and closes, the better would be the health of the persons under consideration.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. G. 390, dated the 18—19th December 1908, from the Senior Surgeon with the Government of Mysore, regarding the adoption of a rule for the transfer of Government servants after a maximum service of two years in the malnad.

I have the honor to forward the accompanying copy of letter No. 1025, dated 6th December 1908, from the District Medical and Sanitary Officer, Kadur District, together with a statement showing the number of officials suffering from enlarged spleen at Koppa, and to state that, I think, the rule I have adopted for my Hospital Assistants is a useful one for general adoptions *i.e.*, a maximum of two years in the malnad, unless the man breaks down sooner, or wishes to remain longer.

Letter No. 1025, dated 6th December 1908, from the District Medical and Sanitary Officer, Kadur District, to the Senior Surgeon, Mysore Government.

In submitting the following tabular statement of officials suffering from enlarged spleen as the signal of Malarial fever, I have the honor to report as follows:—

In connection with State Life Insurance proposals, I have had to examine a number of cases from malnad taluks and I invariably found that a large proportion of the proposers were suffering from enlarged spleen rendering their lives ineligible for Insurance necessitating their re-examination after a lapse of six months or one year according as the size of the spleen required; but these officials having to reside in the same place after their return, inhaling the same atmosphere and living in the same old surroundings, would show no improvement in their health, but on the contrary had to re-appear for examination with their ailments aggravated.

Taking advantage of my visit to Koppa, last month, I examined all the Government Officials and their families with a view to find their general health and was able to arrive at the result as shown in the statement attached.

From a study of the figures it will be seen that 45·7 per cent of the total examined are suffering from enlarged spleen; of these 19 belong to the malnad tracts of Sringeri, Hariharpur, Yedahalli and Tirthahalli and whose general condition showed a striking contrast with those 29 belonging to the purely maidan tracts. Of the 57 that have not had enlarged spleen, 8 have been in Koppa only for a short time, *viz.*, four months, and these are Barr sepoys, whose period of service is limited to only three months, but extended for some departmental reasons. The rest 49 belong to the malnad tracts mentioned above and from their long residence in these parts have obtained immunity against malaria and these are too glad to remain where they are indefinitely.

Leaving the temporary residents and those belonging to the place itself, the state of health of those from the maidan parts, demand the attention not only of the Medical Department, but also that of the departments to which they severally belong.

The repeated attacks of fever are surely to affect even the strongest, so much so, as to make life a misery and their duty a burden, their family suffering at home and they themselves shivering with Ague coiled up under blankets in a corner of the office, are enough to demoralize any body as to neglect their work.

Health is a great consideration, which concerns the inflividual family, community and the State. Better health, better and quick despatch of work and the State would be greatly benefited if the standard health of its employees is kept at par.

Koppa is notorious for unhealthiness and the health of the officers and officials could only be safeguarded by restricting the period of service in the malnad generally.

The Medical Department has very kindly restricted the period of its employees for a period of two years. When the service of a medical man, who can take care of himself is restricted, it should all the more be necessary that the service of lay officials who have to help themselves should be restricted.

The period of two years' service in the malnad of an official from the maidan is, in my humble opinion, I think, quite enough.

In the interest of public, I request, that if this recommendation meet with your kind approval, to move the Government to pass some orders restricting the service of its servants in malnad for two years.

Proceedings of the Government of His Highness the Maharaja of Mysore,

There is another thing, which I might bring to your notice in this connection and it is the late hours to which the work in taluks is carried on. As the saying "Early to bed and early to rise makes a man healthy, wealthy and wise" so do I think, that the earlier the work begins and closes, the better would be the health of the persons under consideration.

General and Revenue Departments,
Bangalore.

SIR,

With reference to Government Proceedings No. 7574-94/ Med. 142-08-2, dated the 9th February 1909, I have the honour to report that the rule in force in the Medical Department restricting the residence of Hospital Assistants to two years in the Malnad is clearly inapplicable to the Forest Department, and if adopted, would prove highly detrimental to the interests of Government and to the efficiency of service.

2. It is a well understood and admitted fact that the efficiency and usefulness of a Forest Officer depend entirely on his local knowledge and his thorough acquaintance with the conditions of the Forests in his charge. Such knowledge and acquaintance cannot be acquired under two years, nor can he impart whatever knowledge he has acquired to his successor. If, therefore, a transfer is effected at the end of every second year, not only the efficiency will be seriously impaired, but there will be absolutely no progress.

3. I also do not concur in the opinion expressed that long residence in the malnad is injurious to health. It is true that in the first year of residence a man is subject to frequent fevers and even gets enlarged spleen, but if he remains long enough, he soon gets acclimatized and becomes immune to malarial fevers. The Senior Surgeon himself cannot be unaware of scores of such cases.

4. In the controlling and executive services, frequent transfers cannot be too strongly deprecated. No officer can do justice to his duties unless he is certain of holding his post for at least five continuous years. If malnad life is not popular with the maidan official, the only way of making it popular is, to offer him better prospects of promotion.

5. In the Forest Department all the high forests are--malarious, so that if the two years' residence rule is extended to it, there will be a perfect chaos, and it will be impossible to secure suitable men to hold malnad charges. At present, all my best men are posted to Malnad (High Forests) charges, and old and inferior men to Maidan. To compensate the former, for the drawbacks and disadvantages of malnad life, I treat them with special consideration in the matter of promotion.

I think, instead of making a general rule applicable to all Departments, the question of transfers may be left entirely to the discretion of Heads of Departments.

I have the honour to be,

Sir,

Your most obedient servant,

Conservator of Forests in Mysore.

Maharaja of Mysore General and Revenue Depts.

Sir,

Adverting to Government Order No. Fl.7574-94/Med. 142-08-2, dated 9th February 1909 regarding the adoption of a rule for the transfer of Government servants after a maximum - service of two years in the Malnad, I have the honor to state that so far as Excise Inspectors are concerned I have issued a circular so far back as 23rd July 1907 to say that such Inspectors in the Malnad Taluks will be transferred to maidan Taluks once in two years as far as possible. This rule is being adhered to now.

2. As regards officials of the rank of Assistant Inspectors & below, the Deputy Commissioners are vested with the power of -- transferring such men. If recommendations are made by the - - Deputy Commissioners for the transfer of such officials to -- other Districts such requests are complied with as far as - - possible.

3. I believe the restriction to two years of the maximum -- service in the Malnad refers to continuous service at any one time and does not preclude the same Government servant ~~servant~~ being posted to Malnad after a reasonable interval.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner's Office
Hassan District

Dated 5th April 1909.

From

P R W Wetherall, Esquire
Deputy Commissioner
Hassan District

To. K. S. Chandrasekhara Iyer Esq^r BA-BL.
Secretary to the Government of
H. H. the Maharaja of Mysore
General and Revenue Departments
Bangalore

Sir, Adverting to Government Proceedings No. 7574-74 / Mysd 142-08-2 dated 9th February 1909 regarding the adoption of a rule for the transfer of Government Servants after a service of two years in Malnad and requiring the views of the Heads of Departments and the Deputy Commissioners etc in the matter, I have the honor

to

to report as follows:-

It has been the practice in this District that transfers of Officials from Malnad to Maidan are effected whenever it is found necessary on the score of ill-health; particularly in the Revenue Department, it will much impair efficiency if every Official be transferred once in 2 years. The period may therefore be fixed ~~at~~ 3 years, unless in the meantime the transfer is found necessary - owing to frequent ill-health amongst officials. But those that are keeping good health in the Malnad and have no desire for a transfer ~~to the~~ Maidan after completing 3 years Malnad - Service, may be permitted to remain longer in the Malnad.

I have the honor to be
Sir,
Your most Obedient Servant
H. W. Tetherall
Deputy Commissioner
Hassan District.

26

To

K.S.Chandrasekara Iyer Esquire, B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

With reference to Government Proceedings No. 7574-94 Med 142-08-2 dated the 9th February last, requesting my opinion on the proposal of the Senior Surgeon to limit the stay of officials in the malnad to a maximum period of two years and on the extent to which the same may be given effect to in the P.W.Department, I have the honor to inform you that under an old order passed by myself, subordinate officials such as Suboverseers, Taluk Maistries and Clerical hands, stationed in malnad, are transferred to maidan after a stay of 3 years if recommended by their Executive Engineers. I do not think that any other rule than the one already adopted in this Department is required.

2. If an officer or subordinate is recommended for transfer on account of illness he is permanently transferred to the maidan if he has served his 3 years in the malnad. If on the other hand, a man applies for transfer to the maidan before he has completed his 3 years service in the malnad

Sir,

Adverting to Government Proceedings No. 75 74-94 dated the 9th February 1909, Med: 142-08-2 calling for opinion regarding the proposal to restrict the Malnad service of Government Officials to a period of two years, I have the honor to forward herewith in original the marginally noted replies from the Sub Division Officers, and to state that they show an uniformity of opinion that the proposed change is for the

1. Bangalore Sub Division Officer No. 1121 dated 6-4-09.
1. Closepet — Do — 5 — No. 237 dated 30-4-09
1. Doddaballapur — Do — No. 1245 dated 5-4-09

the better. Mr. C. Rama Rao Assistant Commissioner, Bangalore sub Division however thinks that the period of 25 two years is too short and that it may be raised to 5 years to secure continuity of action. He also expresses a fear that the transfer of officials after a service of two years as a matter of course will tend to make the officials take less interest in their work As remarked by the Closepet sub Division Officer, there would be some difficulty in effecting the transfers of subordinate officials in a purely Malnad District like Kadur or Shimoga, where there are very few Maidan Taluks, unless some arrangements are made for

their

their transfer from District to District.

2. I am 36 of opinion that the proposed change is good and necessary. I would, however, impose a condition that the prayer for transfer should be granted only on the recommend-ation of the officer under whom the official is working, supported by a certificate from the Hospital Assistant, or District Medical Officer, that the transfer of the official to a Mandan Taluk is absolutely necessary in the interest of his health.

I have the honor to be,
Sir,

With reference to circular no. 679 dated 2nd Instant calling for opinion re the adoption of a rule for the transfer of Government Servants after a maximum service of 2 years in the malnad, has the honor to state that a rule like the one adopted for Hospital Assistants is quite necessary. There will be difficulties in carrying out the rule unless officials could be transferred from District to District. As for example, as Kadur District has only one maidan Taluk Viz Kadur all the officials who require change from the malnad cannot be provided with a maidan place in Kadur District itself.

Sir,

With reference to Government Order No.7574-94/Med.142-08-2 dated 9th February 1909 calling for opinion on the adoption of a rule for the transfer of Government servants after a maximum service of two years in the Malnad, I have the honor to state as follows:-

The statistics collected by the learned Senior Surgeon are very interesting but it is a matter for consideration whether the data are sufficient for drawing any general conclusions as to the greater immunity enjoyed by the permanent residents of the Malnad as compared with the immigrants from the Maidan. But all the same, there can be no doubt that officials who are natives of the Maidan and who have been transferred to the Malnad should after a stay of two or three years be allowed a change of climate. This privilege cannot ordinarily be made available for pure natives of the District who were able to enter the service simply by reason of their being on the spot. For should men who not being natives of the Malnad Districts happened to get into the service in those Districts by reason of absence of competition be allowed to claim privilege of transfer as a matter of right.

So far as the Revenue Department is concerned, every Malnad District has one or two Maidan Taluks to which the minor officials may where necessary be transferred. But as regards the

the higher District and Sub-Division Offices, there is not the same facility for transfer. Formerly when the Districts were presided over by Deputy Commissioners the Malnad Districts of Shimoga and Kadur had one Maidan District in Chitaldrug and as a general patronage vested in the Division Commissioner, the Deputy Commissioners were able to effect transfers of officials from one District to another when found necessary on the score of health or other exigencies of the service. But latterly the Districts are practical -ly unconnected with each other and the Deputy Commissioners find it very difficult to arrange for any transfers by making reference to the Revenue Commissioner or the Government. It would be a good arrangement if some of the Districts were combined as coordinate Districts in which the Deputy Commissioners should be able to effect transfers from time to time of officials under them by mutual communication without reference to higher authorities. For instance Shimoga District may be combined with Chitaldrug District, and Kadur District with the Tumkur District; and the Deputy Commissioners of the respective sets of Districts might be empowered to make periodical transfers on any general lines which the Government may lay down as to the period of Malnad service which should count for transfer and the class of officials with reference to pay &c., who should be entitled to such transfer. Such transfer from one District to another should ordinarily be of the nature of an exchange so that there may be no clash as regards the exercise of patronage.

Sir,

With reference to Government Proceedings No. 7574-94/Med. 142-08-2, dated 9th February 1909, requesting the Heads of Departments and the Deputy Commissioners of Districts to favor Government with their views re the adoption of a rule for the transfer of Government servants after a maximum service of two years in the Malnad, I have the honor to state that I quite agree with the Senior Surgeon that Officials should not be kept too long in the Malnad, as such long stay there is sure to seriously tell upon their health and to be attended with fatal results. At

the same time, I may state that two years is a short period to be fixed as the maximum of service in the Mahnad. I think that three years may be prescribed as the maximum period of service in the mahnad which should entitle an Official to a transfer to the maidan. This should not, however, stand in the way of transfers being effected after shorter service when they are absolutely necessary in public service, or, in the interests of the Officials concerned.

To

C. S. Balasundarum Iyer Esquire, B.A.,
Offg. Secretary to the Government of H.H. the
Maharaja Of Mysore, Genl. and Rev. Depts.,
Bangalore.

Sir,

With refernce to Government order No.7574-94/Med. 142-08-2 dated 9th February 1909 calling for my views with regard to the Senior Surgeon's proposal to adopt a rule for the transfer of Government servants after a maximum service of two years in the Malnad, I have the honor to state as follows:-

2. The figures and facts arrived at by the Senior Surgeon are based on observations made on Government servants at Koppa which is one among the several places treated as malnad. It would be interesting and instructive if similar observations are made in other Malnad places as well, before arriving at a general conclusion to frame a broad rule upon.

3. Though it is essential to give a change to a more healthy station, to Government servants, when the climate of Malnad does not agree with them or their families, a maximum limit of two years service in Malnad tracts after which they may claim a transfer is too short and would result in the deterioration of Government service. I would therefore recommend that a service of at least three years at one period should be adopted as the maximum for a Government servant to be entitled to have a transfer, unless in the meanwhile the climate of the place should so tell upon his health as to hinder him in the proper discharge of his duties.

Again it will not be expedient to transfer as a

matter

49

matter of course after the fixed maximum period of service, irrespective of the ~~period~~ effect of the climate upon the heal-th of the Government servants or of their families, or other things being normal, against the individual inclinations of them to stop longer at a place in consideration of their conveniences or other circumstances.

I have the honor to be,

Sir,

Your most obedient servant,

For Deputy Commissioner,

Kolar District.

General & Revenue Depts.,
Bangalore.

SIR

With reference to Government Order No 7574-94, Med. 142-08-2 dated 9th February 1909 calling for my opinion in regard to the adoption of a rule for the transfer of Government servants after a maximum service of two years in the Malnad, I have the honour to state that, in Schools maintained from the local funds and situated in the Malnad tracts, the teachers are usually natives of the same tracts, and the Malnad climate does not as a rule affect them as they are habituated to it. There are hundreds of such teachers. It would be impossible and it is not necessary to transfer them after a period of two years' service in the Malnad as suggested by the District Medical Officer of Kadur District. When a teacher

GPB-1,500-9. 6-09

produces a medical certificate showing the necessity of a transfer he should be given and is usually given a transfer.

2. In the case of teachers of Vernacular, Anglo-Vernacular and High Schools situated at Taluk or District headquarters in the Malnad districts no inflexible rule need be made. If a teacher has served in the Malnad for two or three years and his health has broken down or his family has suffered from the malnad climate, he is now given a change to a maidan part. The present practice may be continued. To make a rigid rule that a teacher in a malnad tract must be transferred after a period of two or three years would be harmful to the schools, as depending on the regular transfer he may perform his duties perfunctorily. Moreover many an indifferent or bad teacher will escape notice if he is transferred before his work has been fully tested or has borne its evil fruit.

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

INSPECTOR-GENERAL OF POLICE IN MYSORE.
Dated Bangalore. 31st July 1909.

From D. Devaraj Urs Esquire,
Inspector-General of Police in Mysore.

To K. S. Chandrasekhara Aiyar Esq., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
General and Revenue Departments.

Sir,

With reference to Government order No. 7574-94/Med. 142-08-2, dated the 9th February 1909, calling for my opinion in the matter of adopting a rule for the transfer of Government servants after a maximum service of 2 years in the malnad, I have the honour to state that the majority of the Deputy Commissioners, whose opinions I invited, are in favour of the rule. One or two only suggest the period to be 3 years.

In my opinion, a period of 2 years is too short, and if it is brought to force, the Government work will, thereby, suffer to a very great extent owing to constant change of officers. It may here be noted that it is - generally the families of Executive officers that fall ill in the malnad.

In the interests of public service, it is, in my

opinion, necessary to raise the maximum period to at least three years. If, however, within that period, an officer does not find the climate of any malnad place agreeable to him, it will be a case for special consideration of Government.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector-General of Police.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Medical), dated 15th March 1910.

READ—

Government Order No. 7574-94—Med. 142-08-2, dated the 9th February 1909, calling for the opinion of certain Heads of Departments and Deputy Commissioners of Districts on the proposals of the Senior Surgeon and Sanitary Commissioner with Government, regarding the transfer of officials to maidan districts after service for a certain term in the malnad, contained in his letter No. G. 390, dated the 18th December 1908.

2. Opinions received from the Heads of Departments referred to and the Deputy Commissioners of Districts.

No. G. 4787-829—Med. 142-08-27, dated Bangalore, 15th March 1910.

Order thereon.—Government have had under consideration for some time past the principles on which to regulate service in the malnad, and though no hard and fast rule is necessary or possible, Government are pleased to lay down the following general instructions in the matter:—

(1) Where executive and other officers liable in the ordinary course to service in all parts of the State, have put in a continuous service of three years or more in the malnad or any unhealthy station, it will be open to them to ask for a transfer to a maidan station and the application may be favourably considered at the earliest possible opportunity consistent with the public interests.

(2) A longer period, say five years, may be insisted upon in the case of the District Forest Officers and their Assistants and in that of minor officials who are not ordinarily required to serve in all parts of the State.

(3) But in special cases where an officer is in a position to obtain a certificate from the District Medical and Sanitary Officer of the District or other prescribed Medical authority, to the effect that his health has been injuriously affected by residence in the malnad or in any unhealthy station, his transfer may be effected at once or, if this be not possible, on the expiration of any leave to which he may be entitled under the Mysore Service Regulations.

(4) Heads of Departments and Deputy Commissioners of Districts should, as a rule, consider, in making or recommending permanent transfers, whether every officer has or has not put in the required period of service in the malnad and if there are any who have not, give or recommend for an early turn of duty there, public interests permitting. Where Deputy Commissioners of malnad districts wish to effect transfers of officials to a maidan station, they may arrange for such transfers, if necessary, in communication with the Deputy Commissioners of maidan districts and the Revenue Commissioner or other Head of Department concerned.

(5) In the case of gazetted officers, Government generally adopt these principles and in the case of junior or ministerial officers in whose case the difficulty is chiefly experienced, Government look to the Heads of Departments and the Deputy Commissioners of Districts to effect what considerations alike of humanity and of official efficiency require.

Government order No. 7574-94/Med. 142-08-2 dated the 9th February 1909 calling for the opinion of certain Heads of Departments and Deputy Commissioners of Districts on the proposals of the Senior Surgeon and Sanitary Commissioner with Government, regarding the transfer of officials to maidan Districts after service for a certain term in the malnad, contained in his letter No. G. 390 dated the 18th December 1908.

2. Opinions received from the Heads of Departments referred to and the Deputy Commissioners of Districts.

Order thereon No:- G.4787-829/Med.142-08-27

Dated Bangalore, the 15th March 1910.

Government have had under consideration for some time past the principles on which to regulate service in the malnad and though no hard and fast rule is necessary or possible, Government are pleased to lay down the following general instructions in the matter.:-

(1) Where executive and other officers liable in the ordinary course to service in all parts of the State, have put in a continuous service of three years or more

in

in the malnad or any unhealthy station it will be open to them to ask for a transfer to a maidan station and the application may be favourably considered at the earliest possible opportunity consistent with the public interests.

(2) A longer period say five years may be insisted upon in the case of the District Forest Officers and their Assistan and in that of the minor officials who are not ordinarily required to serve in all parts of the State.

(3) But in special cases where an officer is in a position to obtain a certificate from the District Medical and San Sanitary Officer of the District or other prescribed Medical authority to the effect that his health has been injuriously affected by residence in the malnad or in any unhealthy station, his transfer may be effected at once or if this be not be possible on the expiration of any leave to which he may be entitled under the Mysore Service Regulations.

(4) Heads of Departments and Deputy Commissioners of Districts should as a rule consider, in making or recommending permanent transfers, whether every officer has or has not put in the required period of service in the malnad and if there are any who have not, give or recommend for an early turn of duty there, public interests permitting. Where Deputy Commissioners of Malnad Districts wish to effect transfers of

officials.

such transfers,
officers to a maidan station they may arrange for it, if neces
sary, in communication with the Deputy Commissioners of maidan
Districts and the Revenue Commissioner of the head of department
concerned.

(5) In the case of gazetted officers Government generall
addpt these principles and in the case of junior or ministerial
officers in whose case the difficulty is chiefly experienced,
Government look to the Heads of Departments and the Deputy Com
missioners of Districts to effect what considerations alike of
humanity and of official efficiency require.
